

NHS Treatment

The Dental Team offers NHS treatment to registered patients, although the range of NHS patients accepted varies with each dentist within the Practice – please speak to our receptionist for further details.

If our capacity for treating NHS patients is full, we can refer you to the Trafford PCT waiting list for when space becomes available in the future.

Affordable Independent Treatment

Sometimes the treatment you want isn't available on the NHS, or you may choose to have the work carried out to a different standard. At The Dental Team we understand that you insist on excellence and affordability.

You can pay by cash, cheque, Switch, Visa or Mastercard. We also offer interest-free credit facilities for some treatments.

We are also a Denplan registered Dental Care Centre. For a small, regular monthly fee you receive:

- Two full dental examinations each year
- Appointments with our hygienist each year
- Discount against the cost of treatment
- Insurance against dental trauma or oral cancer

You also have the use of our private waiting room, together with complimentary drinks whilst you wait for your treatment.

Opening Times

Monday	09.00 – 13.00	14.00 – 20.00
Tuesday	09.00 – 13.00	14.00 – 18.00
Wednesday	09.00 – 13.00	14.00 – 18.00
Thursday	09.00 – 13.00	14.00 – 18.00
Friday	09.00 – 15.00	

We try to keep our Practice running as efficiently as possible, but we need your help! If you can't keep an appointment please let us know quickly.

We're always happy to re-arrange it for a more convenient date, but we don't like sitting around wasting valuable time when something more important came up at your work or you simply forgot. Missed appointments may be charged for!

In accordance with the Patients' Charter procedures for complaints and enquiries are in operation at this Practice. We aim to give you a quick and thorough response which answers your concerns properly. Feel free to contact us with any comments or suggestions you may have.

Our Practice is fully accessible

We know about teeth

We understand your concerns about achieving your best smile possible – whether it's the cost or the comfort of the treatment involved.

We recognise the importance of good oral health – from keeping your gums in tip-top condition to screening for more serious conditions.

We appreciate that you want to be cared for in a clean, modern and friendly Practice.

We aim to help achieve good dental health for yourself and your family. Through regular check-ups and advice, we will help you understand caring for your teeth and reduce the need for future dental treatment.

Meet the Team!

Our receptionists are essential members of the team, ensuring that appointments for check-ups and treatments are made at the most convenient time for patients.

They are also able to keep you up to date with the cost of your treatment.

Our dental nurses play a vital role in making sure that the dentists, hygienist and oral surgeon have properly equipped surgeries and sterile instruments for all our patients. And they love chatting to you during your treatment!

Appointments & Emergencies

You can make an appointment by either telephoning us during opening hours, or calling into the Practice.

We know that sometimes a dental emergency can arise – please explain this when you call and we will do our best. Although we will try to see patients with severe pain on the same day, every effort will be made to see you within 24 hours.

Jeremy Stolberg graduated from the University of Manchester in 1983 and has worked in general practice for nearly 25 years, opening The Dental Team in 1991. He has developed a clinical team that can offer the widest range of affordable dental treatment available.

Specialising in the treatment of nervous patients as well as crown and bridge work, Jeremy has gained a reputation for ensuring that patients leave the Practice looking forward to future visits.

The Dental Team also includes the clinical services of:

- An Associate Dentist, who sees both NHS and Private patients
- A hygienist, who is able to offer advice on the care of your gums as well as cleaning and polishing your teeth
- An Oral Surgeon, who sees patients for complex extractions and apicectomies.

Out of Hours Emergencies

Registered patients should telephone the usual Practice number and they will be given details of the emergency number.

Alternatively you can contact NHS Direct on 0845 4647 or visit www.nhsdirect.co.uk
